

Dairy Herd Questionnaire

1. Has the insured imported cattle from Canada within the last 7 years? If so, how many, from whom and when?

2. Has the insured purchased breeding stock from a broker that does business with Canada?

3. Does the insured keep detailed records on where cattle are purchased, and if sold, who they are sold to?

4. Are all cattle registered and have papers?

5. Does the insured purchase grain or feed supplements from outside the Continental United States?

6. What is the insured's practice for dealing with downer cattle (cattle that are impaired from disease or injury)?
